

### MESSAGE FROM THE DIRECTOR-GENERAL

We are firmly committed to promoting, supporting and progressing equity, diversity, respect and inclusion in our workplaces and through the work we deliver for Queensland. This plan demonstrates how we're striving to foster a departmental culture based on choice, equal participation and overcoming barriers so everyone feels safe, valued and accepted.

To achieve this, we're paving the way to ensure our workplaces are productive, cohesive and inclusive and our workforce reflects the diversity of the community we serve. We're developing and embedding practices to ensure all our unique voices are heard and everyone can realise their true potential.

Our responsibility now is to act on this foundation, be part of positive change and build a stronger department, together for Queensland.
